Conference Questions (questions asked)

Teacher Comments

Student Response to Teacher Comments

Becomes familiar with all the elements of a situation ▼

- Describe what you had to do in this situation? What issues were involved?
- How did you approach the situation in different ways?
- What did your intuition or instincts tell you about the situation? Did you listen to your intuition and act upon it?
- Describe the different scenarios or procedures you imagined using in this situation.

Explores ▼

- Were you willing to try anything that was completely new to you or risky? How comfortable were you?
- Explain how you explored different ideas.
- How did you deal with the obstacles you faced?
- How did you assess whether or not you were on the right track?
- In what situations were you more or less likely to try something new?

Adopts a flexible mode of operation ▼

- What new approaches and methods did you use?
- When were you most likely to use a new idea?
- What made you decide that you needed to try a new strategy or technique?
- How did you change the way you expressed your ideas?
