

## Explo Reflection Questions

### EXPLORE

- Restate the task in your own words. For example: How would you explain this assignment to one of your classmates?
- Explain how one could best go about gathering information from an expert. How did you learn to do so?
- What other sources of information or resources could you have used to improve your career exploration?
- What was the best strategy you used in this exploration of vocational training? What made it the best?
- What proof can you show that you used a new strategy this time? Describe what you did differently and why.
- What are the things you will need to do/or use (actions, strategies, information, etc.) to accomplish this career exploration?
- What steps will you take to complete this task? Describe your plan of action.
- How is completing this task helping you become more familiar with vocational training?
